FUJI CORPORATION

FUJI innovation days 2021
FAV Production Challenge (Flexibility, Automation, Versatility)
~ Details of the Event~

FUJI Corporation (Headquarters: Chiryu, Aichi; president and COO: Mr.Shinsuke Suhara; hereafter called as "FUJI") will preview its newest machines and automation entitled "FUJI innovation days 2021-FAV Production Challenge with a open house event at their Toyota Works Facility from January 26 to 28, 2021.

The manufacturing market is typically under pressure to deal with challenging production volumes, changes and various other requirements, FUJI's latest machines and automation technologies offer solutions to these challenges that are unique to FUJI.

In addition to the new model GYROFLEX, we will exhibit several other machines such as our CSD300 II and CSS300 II both which have been redesigned with significantly improved specifications.

Our Engineering and Sales Teams will be onsite to offer new machine proposals for solving customers' problems and we will also introduce our approach to DX (Digital Transformation) live from our facility in China.

This event will also feature many special exhibitions, live broadcasts, and seminars for manufacturing engineers.

A special website will be available to see our Virtual showroom during the exhibition period for those whom cannot attend the event in person.
